

-Your memories-

Mission Briefing

You're going into battle. If anything is to happen, Control can't make itself known to the public yet. However, it can, and will, guide you through the battlefield, and try to find you a safe way home.

Droid Briefing

Our standard droids will be right beside you.

To program the droid, press the buttons on the front panel. You should be familiar with it by now, due to your training.

Execution:

To execute a loaded program, press **SPACEBAR**

Clear instructions:

To clear all loaded instructions (before execution), press **C**

Movement:

Press **Y**

And then input the moves the robot needs to make:

T to go up.

B to go down.

F to go left.

H to go right.

Finally, **execute**.

Example program to go left, then up, then execute:
Y F T SPACEBAR

Enable Microphone:

Press **R**

Then **execute**.
